Hi Calvin, just added a couple cc names and confirmed use of our permit numbering convention (see attached). My only other question is whether we have received the CBI, and if not, should we wait until we have it to issue the completeness letter? Thanks, David

Hi David,

For the "Administrative Completeness" purpose, I have finished checking for whether CES has submitted the information required under various sections of 40 CFR 146 for a Class VI pre-construction permit application (see attached spreadsheet).

Also attached is a draft administrative completeness review letter for your review and comments.

You, Kate, and I should probably have a call regarding contract support for technical review of the application next week.

Thanks,  
Calvin
